

The West Houston Shooters Club enjoys rights and privileges at The Impactzone Range that are truly unique in the Houston Area. Our continued relationship depends on our ability to be good tenants & good neighbors. The following rules must be obeyed by everyone entering the Range:

Access:

Front Gate must remain closed and latched at all times. If the gate is open, close it & latch the chain. If no one is directly behind you when you enter or leave, close the gate & latch the chain.

Range Road:

Always observe the 10 mph speed limit. No dust. No splash. No exceptions.

Parking:

Do not park blocking a bay we are not using. WHSC does not have exclusive control of the Range on match days, it is also open to Range members and classes.

Trash:

If you see trash on the ground, please pick it up and place it in the appropriate container. The biggest complaint from Range neighbors is trash.

Brass:

If you are not a member of The Impactzone Range, do not pick up range brass.

Sticks & Props:

If the setup crew uses sticks, stands, or props that are property of The Impactzone, please return them to the racks, or other designated locations at the end of the event.

Privacy:

No audio or visual recording of persons or events without consent of property owner, organizer, and participants being recorded.

Reporting:

If you observe any violations, mis-use of property or equipment, or other improper behavior or activity, please notify The Impactzone Range Owner immediately: Phil Oxley, (832) 274-8549.
